

Shared Moorage

This spring and summer we will be hosting yacht clubs in guest moorage as well as special events. During some of these busy weekends we'll need more dock space to accommodate our guest moorage customers. We've adopted a "slip sharing" or "shared moorage" system similar to other marinas. During these specific weekends, tenants who sign up for this program loan their slip space back to the marina and if we're able to fill the space, the tenant will receive a credit of 1/30 of their monthly bill for every night the marina uses their slip for guest moorage. The tenant must stop by the main office 3 days prior to departure and sign an agreement to release their slip for the specific nights agreed upon and the marina will use the slip for guest moorage once the guest moorage area has been filled. **Please be aware that if the marina uses your slip and you return earlier than the agreement calls for, the tenant will have to moor and register in the guest moorage area until their slip has been vacated.** Again, the marina will not use your slip unless we have a signed agreement to do so.

The dates slips are needed (so far):

Attached for your convenience is a form that can be mailed or dropped off. We also have forms available in the office.

SHARED MOORAGE USE PER TENANT'S NOTICE

TENANT _____ SLIP # _____

Date out of slip _____ Time: _____

Returning Date _____

Customer checkout time is NOON

Slip Length: 20' 24' 28' 32' 36' 40' 50' Open _____ Covered _____

Return to office at least 3 days prior to trip.

I am aware that if I return early from my trip and my slip is occupied I will moor at the transient area and pay daily guest moorage.

Signature _____
